

BeamNG

User Interface Frontend Developer (f/m/d) at BeamNG GmbH

BeamNG specializes in the development of physics simulation based software, best known for our vehicle game BeamNG.drive, which is available as Early Access on Steam.

We are looking to expand our development team with a UI Frontend Developer who will support us in finishing the game.

Requirements and skills:

- 3+ years experience in UI development
- Working knowledge of Javascript, ES5 and 6, HTML5, CSS3, SVG
- Experience debugging and optimizing code using Chrome tools
- Experience working on high performance web projects such as web games or other web applications with high interactivity
- AngularJS programming skills
- Excellent communication skills in English, able to convey complex information in a clear and suitable manner to a diverse audience
- Organized, methodological, disciplined and forward-thinking approach to work
- Preferably experience with international, distributed teams with 30+ members

About you:

- You are deadline driven and detail-oriented
- You have a high level of initiative and a strong sense of ownership
- You have the ability to adapt to rapidly shifting priorities in fast-paced environments
- You go forward and push for what you believe
- You enjoy refining the work of yourself and others
- You are a calm and cool person and you can question your own judgment

What we offer:

- Remote work
- A passionate and international team
- Freedom to explore and innovate
- Flexible working hours

Salary is dependent on experience. This is a full-time position. Remote work is possible for qualifying candidates. To apply for this position please email a motivation letter, your CV highlighting your previous work experience as well as any links to open source projects on platforms like GitHub or similar to jobs@beamng.gmbh

We are an equal opportunity employer and encourage applications from candidates of diverse backgrounds. Our multinational team is based both at our office in Bremen, Germany or works remotely from locations around the world.
